 \$25.00 a copy in US
\$40.00 a copy outside US included

This amazing book totally refutes evolution from all aspects of science, and shows how the Biblical Flood not only occurred, but is earth's defining geological event. It contains many color pictures, figures and charts, and is well worth the price. This book is somewhat deep and technical at times, but for those interested in the detailed arguments disproving evolution and proving the Flood, it is a tremendous read: the best, most devastating and scholarly work on this topic.
